Seasoning powder

Chemical

Dried nuts

Powder

Plastic particles

HD viewing window

The visual viewing port is more convenient than the traditional stainless steel cover, and the feeding situation inside can be easily observed

Infrared induction cutting

There is an infrared sensor at the bottom of the discharging port, and the hand reaches out to sense the material without manual switching.

Interface and switch

The product power cord is made of engineering plastics, highly insulated, and will not leak electricity, making the machine safer and more stable.

INTELLIGENT CONTROL

Intelligent control, using microcomputer chip to realize automatic multi-function packaging machine, accurate measurement, automatic packaging, no manual weighing, intelligent and accurate blanking

spice powder

green tea black
tea flower tea

Dried fruits and
vegetables

Traditional Chinese
Medicine

Hardware accessories

Dried nuts
