Machine frame

Roof sheet make machine adopts welded steel frame structure, it make sure roof sheet machine can operation more stable

AC frequency conversion motor reducer drive, chain transmission, roller surfaces polishing, hard plating, heat treatment and chrome coating.

Forming roller

Roof sheet make machine forming roll quality will decide roof sheet shapes, we can according to your local roof shape customized different type rollers

Roller chrome coated thickness: 0.05 mm
Roller material: Forging Steel 45# heat treatment.

Control part

Roof sheet make machine control parts have different types, standard type are button control, through press buttons to realize different function.

PLC touch screen type can setting data on the screen, its price is little higher, but is more intelligent and automatic.

Manual Roll Drive Free

YUKTIRAJ PVT LTD

ISO Certified Indian Company

Yuktiraj Pvt Ltd Is Will Continue With Technical Force, High Quality Product Performance, Reasonable Price, Thoughtful & Efficient Service. Our Company Stresses On The Experience Accumulation And Technology Research. 365 Days Full Support. Honest And Trustable Company. Responsive Staff. We Keep Trust On Quality And Customer Satisfactions. We are India's leading manufacture and import export company.
