The image shows a black digital control panel for a Singmens appliance. On the left, the brand name "Singmens" is printed in a white, stylized font. To the right of the name is a small LCD display showing "88.88". Below the display are several control buttons: a power button, a fan speed button, a temperature up/down button, and a mode button. The panel is set against a light gray background.

Digital control system

The image shows a small, black, cylindrical shaded pole double ball motor. It has a central shaft with a metal cap and a white plastic housing. A label on the side contains technical specifications and a CCC certification mark. The motor is shown from a three-quarter perspective against a white background.

maintenance-free Shaded pole double ball motor

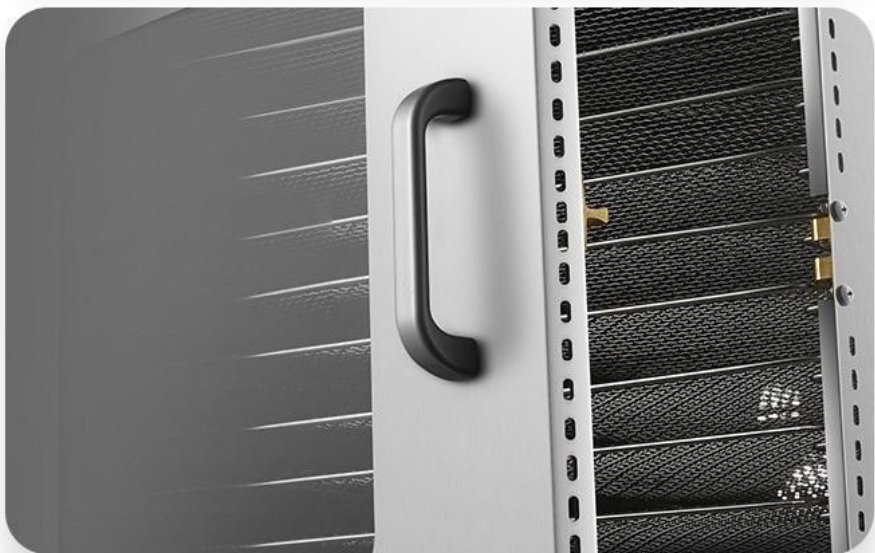

The image shows a five-bladed fan blade made of a dark, metallic material. The blades are curved and have a central hub with a mounting hole. The fan blade is shown from a top-down perspective against a white background.

Low noise fan blade with top thermostability

The image shows a long, thin, U-shaped infrared heating tube. The tube is made of a dark, textured material and has two electrical terminals at the bottom. The tube is shown against a white background.

Energy-saving infrared heating tube

A close-up photograph of a stainless steel mesh tray filled with dried orange slices. The slices are arranged in rows and show a golden-brown, textured appearance. A hand is visible in the bottom right corner, holding the edge of the tray. The background is dark, making the tray and its contents stand out.
