The image shows a black digital control panel for Singmens. On the left, the brand name "Singmens" is printed in white. To the right of the name is a small LCD display showing "88.88". Below the display are several control buttons: a power button, a fan speed button, a temperature up/down button, and a mode button. The panel is set against a light gray background.

Digital control system

The image shows a small, black, cylindrical shaded pole double ball motor. It has a central shaft with a metal cap and a white plastic housing. A label with technical specifications and a CCC certification mark is visible on the side. The motor is shown from a three-quarter perspective against a light gray background.

maintenance-free Shaded pole double ball motor

The image shows a five-bladed fan blade made of a dark, metallic material. The blades are curved and radiate from a central hub. The fan blade is shown from a top-down perspective against a light gray background.

Low noise fan blade with top thermostability

The image shows a long, thin, U-shaped infrared heating tube. The tube is made of a dark, textured material and has two electrical terminals at the bottom. The heating tube is shown against a light gray background.

Energy-saving infrared heating tube

A close-up photograph of a stainless steel mesh tray filled with dried orange slices. The slices are arranged in a grid pattern and are being held by a hand on the right side. The tray is made of SUS304 food grade material, as indicated by the text overlay. The background is dark, making the tray and the orange slices stand out.
